

CAREER OBJECTIVE

Full-Stack Developer skilled in Python, FastAPI, and front-end technologies. Experienced in building APIs, containerizing with Docker, and deploying on cloud platforms. Passionate about AI integration and scalable software solutions.

WORK EXPERIENCE

Full Stack Development • Internship May 2025 - Present
ASSUREME TECNOLOGIES PRIVATE LIMITED, Virtual

At AssureMe, I work as a full-stack developer where I manage image storage in AWS S3 buckets, handle Supabase and PostgreSQL databases, and build/maintain APIs. I also work with Firebase for authentication and backend services. Besides development, I lead our developer team, guide project tasks, and make sure the work is delivered smoothly and on time.

Full Stack Development • Internship Oct 2024 - Nov 2024
Navodita Infotech, Virtual

- Developed and optimized responsive web applications using JavaScript, HTML, and CSS, improving performance and usability.
- Implemented RESTful APIs to streamline front-end and back-end communication, ensuring smooth data flow.
